By signing this application for water utility service, I agree to comply with the Utility's Tariff and all rules and regulations of the Texas Commission of Environmental Quality (TCEQ) and other applicable Regulatory agencies. I have had an opportunity to review the Utility's tariff. I guarantee prompt payment of all utility bills for the service address printed above. I agree to remain responsible for utility bills for this service address from the date service is started until the date service is terminated. I understand that service will not be terminated voluntarily until I request it in writing.

By executing this application, I grant the utility and easement to install, maintain, and inspect Utility Equipment on (and necessary to serve) the real property described above. I acknowledge that utility company personnel shall have the right to enter my property for the purpose of inspection maintaining, and repairing utility equipment and inspection any customer plumbing of water-related facilities which may impact the Utility's operations or the public's safety. Normal cost of maintenance will be borne by Utility; abnormal costs and grinder pump replacement and parts will be charged to the customer.

I acknowledge that I am responsible for damage to utility property caused by my invitees my agents, myself, and others under my control. I agree to take no actions to create a health hazard or otherwise endanger the Utility's equipment, its personnel, or its customers. I agree to put no unusual, non-domestic Service demands on the utility system without notice and permission from the utility. I acknowledge that I may not resell or give water service to another nor extend water service from my meter or service line to another person or property. I acknowledge that water is provided for domestic purposes only (fire protection is exclude).

The customer will install at his own expense, a service line from the water meter to the point of use. The Customer shall hold the Utility harmless from any and all claims or damage to real or personal property occurring from the point the Customer ties on the Utility's water meter.

Plumbing Restrictions: The following unacceptable plumbing practices are prohibited by state regulations:

1. No direct connection between the public drinking water supply and a potential source of Contamination is permitted. Potential sources of contamination shall be isolated from the Public water system by an air-gap or an appropriate backflow device.
2. No Cross-connection between the public drinking water supply and a private Water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.
3. No connection, which allows water to be returned to the public water supply, is permitted
4. No pipe or pipe fitting which contains more than 8.0% lead may be used for the installation or repair of plumbing at any connection, which provides water for human use.
5. No solder or flux which contains more than 0.2% lead can be used for the installation of repair of plumbing at any connection which provides water for human use.

Customers initiating new water service shall provide a completed "Service Inspection Certification" as required by the utility's tariff. The customer must provide a copy of this certificate within 30 days after initiating new service.

The customer shall, at his own expense, properly install, test, and maintain any backflow prevention device required by the Water System. Copies of all testing and maintenance records shall be provided to the Utility.

The applicant has been shown a copy of the Utility's Texas Commission of Environmental Quality approved tariff and agrees to pay the rate in the tariff and abide by the requirements in this application. **If the customer fails to comply with the Terms of this contract, the Utility shall, at its option, terminate service or properly inspect, install, test and maintain required equipment and bill the customer.**
